

Cushing Academy I Mathematics Department FlowChart

COURSE REQUIREMENTS

Algebra I: Full Year.

Topics in Geometry: Algebra I, departmental permission; Full Year.

Geometry: Algebra I, Full Year.

Honors Geometry: Algebra I (A), departmental permission; Full Year.

Algebra II: Geometry, departmental permission; Full Year.

Algebra II Mod A: Topics in Geometry, Geometry, departmental permission; Full Year.

Algebra II Mod B: Algebra II Mod A; Full Year.

Honors Algebra II: Honors Geometry (B+), Regular Geometry (A), departmental permission; Full Year.

Discrete Mathematics: Algebra II, open to juniors, seniors, or post-graduates; Full Year.

Intro to Precalculus: Algebra II Mod, Algebra II; Full Year.

Precalculus: Algebra II, open to sophomores, juniors, seniors, or post-graduates; departmental permission; Full Year.

Honors Precalculus: Honors Algebra II (B+); Full Year.

Probability and Statistics: Precalculus, Discrete Math, departmental permission; Full Year.

Calculus: Precalculus (B-), departmental permission; Full Year.

AP Statistics: Honors Precalculus (B), Precalculus (A), opens to juniors and seniors, departmental permission; Full Year.

AP Calculus AB: Honors Precalculus (B+), departmental permission; Full Year.

AP Calculus BC: Honors Precalculus (A), departmental permission; Full Year.

Multivariable Calculus: Score of 4 or 5 on the BC Exam, AP Calculus BC (B+), departmental permission; Full Year.

Linear Algebra: Multivariable Calculus (B), departmental permission; Full Year.

Independent Study in Adv. Math: Linear Algebra (B), departmental permission; Full Year.

AP Computer Science A: Honors Precalculus (B+), departmental permission; Full Year.
